I also read his original book over 10 years ago and bought this edition because the other one never made it back to me after I loaned it out. The corrections he made were outstanding and makes this book even more valuable.It is written to cover Matthew 18:15-17 and it is done both biblically and simple in its presentation. There is so much unbiblical understanding in this area that I would recommend every minister to read this book to see how their views lines up.The highest recommendation I can give is that I have used his material and his triangle of incremental steps in 3 churches and all have become healthier as a result. In one church there was a terrible problem with gossip that had taken over the atmosphere of the church. This teaching not only cleared the problem but no one was lost in the process.What I especially like is how the congregation/members are empowered and released to care for each other as they become proactive in creating and maintaining healthy, Godly and biblical realtionships.The most interesting possiblity is how a spouse can utilize this process to better their marriage.0 of 0 people found the following review helpful. The quality of the printing is hard to read, and scattered throughout, at least half a dozen pairs of pages were stuck together so that I had to separate them carefully without ripping them.0 of 0 people found the following review helpful. Enormously helpful!By G. LeiningerI just finished this book and I can't express how much I appreciate just how clear, concise and biblical this little book is. It's very easy to read, see how it lines up with Scripture, and practically apply in my life and church. Very well written!

This is a handbook for pastors, elders, and all Christians who want to see how Scripture presents the process of discipline that should operate in the Christian community. It was written in response to the various concerns that threaten to tear apart marriages, families, friendships, and congregations--concerns that call for a biblical approach to discipline that can heal fractures, restore right relationship, and ensure the health of the church. Developed around the five corrective steps found especially in Matthew 18:15-17, this book helps church leaders deal with the sorts of problems that require the church's disciplinary response. Charting a course that combines discernment with appropriate action, this simple, readable handbook can have a profound effect on the community of believers.

From the Author Dr. Jay E. Adams is Director of Advanced Studies and Professor of Practical Theology at Westminster Theological Seminary in Escondido, California. He received his B.A. from Johns Hopkins University, his B.D. from the Reformed Episcopal Theological Seminary, his S.T.M. from Temple University, and his Ph.D. from the University of Missouri. In addition to having served as a pastor and then a Professor of Practical Theology at Westminster Theological Seminary in Philadelphia, Dr. Adams has been the Dean of the Christian Counseling and Educational Foundation, Laverock, Pennsylvania, since its founding in the early 1970s. He has written over fifty books, translated the New Testament into English (The Christian Counselor's New Testament), and lectured throughout the world. His books deal with many aspects of pastoral ministry and counseling as well as Bible study and practical Christian living.
